WHEN <i>Tuesday, September 15</i>	WHERE: <i>Library Olympic College</i>	TIME: <i>11:30 am - 1:30 pm</i>	PROGRAM: <i>ALEC and Unions</i>
---	---	---	---

For the past two years, the Mason County LWV has been researching an organization known as, ALEC, the American Legislative Exchange Council. Our purpose is to make members and Mason County residents alike, aware with regard to the true motivation of this organization, which up until about two years ago, was operating pretty much under the radar. At our May, 2015 General Membership Meeting, we gave the first in a series of programs on ALEC. The focus of the presentation was to establish, "What is ALEC? An Overview".

At our September 15 General Membership Meeting, the emphasis will be on ALEC and unions, beginning with a general introduction on a concerted legislative attack, directed by ALEC, on American wages and labor standards. <http://www.epi.org/publication/attack-on-american-labor-standards/>

We will then learn about "...the extraordinary influence of ALEC and its agenda on the Wisconsin legislature..." <http://www.prwatch.org/node/11514/>

Finally, as part of ALEC's agenda to privatize all government services, we will address this organization's role to outsource the United States Post Office. <http://vltip.net/aleckoch-cabal-pursuing-privatization-postal-service-ups-fedex/>

Limited Government
Free Markets
Federalism
Corporate Lobbying.

For more information on, "What is ALEC? An Overview", go to our website:
